This is one of Dr. Cullen's most requested presentations: **Taking Adversity Out Of Diversity: Building Inclusive Organizations** This honest and engaging program will inspire people to create more inclusive communities. Our biggest challenge in achieving this goal is our fear of being judged and misunderstood. This fear prevents good people from taking meaningful action. At times we are so afraid of saying the 'wrong' thing that we make the biggest mistake of all which is to say nothing. Our patterns of communication are vital to our success when exploring such explosive issues as race, gender, sexual orientation, class, disabilities, age and religion. This award winning session gets beyond our fear of saying the 'wrong' thing and teaches more effective and compassionate ways to connect. 83 minutes. Playable on computer, or DVD player.
