

“Coming Up Trumps”

The word *trump* is a corruption of a 17th century card game called *triumph*. In triumph, trump cards temporarily outranked other cards and the trump suit was selected at random by cutting the deck. Selecting the right suit to match one's hand was an advantage in the game so “*coming up trumps*” became synonymous with success.

Our personal identity is comprised of a unique combination of social group affiliations including race, gender, class, sexual orientation, [dis]ability, and spirituality. And like a card game, many of these affiliations are assigned to us randomly. In this workshop, participants will have a chance to imagine their identity as their “hand” in a card game, allowing us to discuss how our individual affiliations impact “game play,” or our ability to be successful.

In preparation for this workshop, participants are asked to read “*What Kind of Card is Race?*” written by Tim Wise **prior** to attending.

Multicultural Competency Development

This workshop will assist participants in developing *Multicultural Awareness* and gaining *Multicultural Knowledge*.

EDGE Rating

This workshop is rated *moderate to somewhat challenging*.

Program Evaluation		Strongly Disagree	Disagree	Somewhat Disagree	Somewhat Agree	Agree	Strongly Agree
1.	I have developed some <i>Multicultural Awareness</i> .	1	2	3	4	5	6
2.	I have gained some <i>Multicultural Knowledge</i> .	1	2	3	4	5	6
3.	I felt the EDGE Rating for this program was accurate.	1	2	3	4	5	6
4.	Did the facilitator share the objectives of this program?	1	2	3	4	5	6
5.	Did the program achieve those objectives?	1	2	3	4	5	6

Please feel free to provide more comments on the back. Thank you!
